

# Homeland Security - CA 52 Community Project Requests FY24

There are two Federal Emergency Management Agency (FEMA) grant programs within the Subcommittee on Homeland Security's jurisdiction that are open to CPF requests: Pre-Disaster Mitigation (PDM) grants and Emergency Operations Center (EOC) grants. Please review the purpose and eligibility requirements, including any environmental and historic preservation requirements, for these two grant programs to ensure proper consideration of the Member's request.

For these requests, please ensure they are for fiscal year 2024 funds only and cannot include multi-year funding.

Please also ensure you include the legal name of the organization that will be receiving these funds. Please do not include abbreviations, acronyms, or use a "The" before the recipient name.

Over the past two fiscal years, FEMA found that many CPF requests lacked the necessary details to determine grant eligibility. While the database will limit project summaries to 1,000 characters, offices are highly encouraged to separately upload detailed project descriptions for each PDM or EOC request.

For each project description, please include a detailed budget describing how the requested federal funding will be used and confirm the ability of the requesting entity to meet the cost-share requirement.

The PDM and EOC grant programs have cost-share requirements. Federal funding is available for up to 75 percent of the eligible activity costs. The remaining 25 percent of eligible activity costs must generally be derived from non-federal sources. The non-federal cost-share contribution is calculated based on the total cost of the proposed activity. For example, if the total cost is \$100,000 and the non-federal cost-share is 25 percent, then the non-federal contribution is \$25,000. For PDM grants, small, impoverished communities are eligible for up to a 90 percent federal cost-share for their mitigation planning and project sub-applications in accordance with the Stafford Act (42 U.S.C. § 5133(a),(h)(2)).

## PRE-DISASTER MITIGATION PROJECTS

FEMA's PDM grants assist state, local, tribal, and territorial governments with planning and implementing sustainable, cost-effective measures to provide long-term, permanent risk reduction to individuals and property from future natural hazards, such as floods and wildfires, while reducing reliance on federal funding for future disasters.

For PDM grant requests, the form includes specific eligibility questions to ensure the proposed project meets FEMA's requirements as detailed in the most recent Notice of Funding

Opportunity (NOFO). The subcommittee encourages applicants to consult with their State Hazard Mitigation Officers when answering the questions. Applicants must answer all the eligibility questions for a request to be considered.

For any PDM projects designated for funding in the FY 2024 Homeland Security Appropriations Act, the respective State or Territorial Administrative Agency, or Tribal government, must submit an application to FEMA and serve as the administrative agent for the grant on behalf of the entities responsible for the project (grant subrecipients).

CPF funding in the FY 2023 House bill ranged between \$320,482 and \$10,000,000 for individual PDM grants.

#### EMERGENCY OPERATIONS CENTER GRANT PROGRAM

FEMA's EOC grants improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable EOCs with a focus on addressing identified deficiencies and needs. According to the National Fire Protection Association, an EOC is defined as a "facility or capability from which direction and control is exercised in an emergency. This type of center or capability is designated to ensure that the capacity exists for leadership to direct and control operations from a centralized facility or capability in the event of an emergency."

Similar to CPF requests for PDM grants, the form includes specific eligibility questions for EOC grants to ensure the proposed project meets FEMA's requirements as detailed in the most recent NOFO. Applicants must answer all the eligibility questions for a request to be considered.

For any EOC projects designated for funding in the FY 2024 Homeland Security Appropriations Act, the respective State or Territorial Administrative Agency, or Tribal government, must submit an application to FEMA and serve as the administrative agent for the grant on behalf of the entities responsible for the project (grant subrecipients).

CPF funding in the FY 2023 House bill ranged between \$158,176 and \$3,000,000 for individual EOC grants.

## Pre-Disaster Mitigation Projects

Only projects that meet the requirements detailed in the most recent Notice of Funding Opportunity will be considered for funding, including the cost-share requirement and environmental and historic preservation requirements, as applicable. For any projects designated for funding in the final fiscal year 2024 Homeland Security Appropriations Act, the state agency responsible for administering mitigation grants in the requester's state must submit an application to the Federal Emergency Management Agency, and that entity will serve as the administrative agent for the grant. Therefore, all project proposals must be accompanied by a letter of support from the appropriate state agency affirming that it believes the project is eligible.

Please pay careful attention to FEMA's eligibility requirements when answering the following questions.

56. Is the requesting jurisdiction a state, Indian tribal government, local government, or territory \* as defined by section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122)?

*Mark only one oval.*

- State, as defined under 42 U.S.C. 5122

- Territory, as defined under 42 U.S.C. 5122
- My request is not for this account.
- Other: \_\_\_\_\_

57. Is the proposed project eligible under the most recent Notice of Funding Opportunity \* (NOFO) for the PDM grant program?

*Mark only one oval.*

- Yes
- No
- My request is not for this account.

58. Please confirm you have emailed the relevant staffer the required non-federal cost share, consistent with 2 CFR Sections 200.29, 200.306, and 200.434? \*

*Mark only one oval.*

- Yes
- No
- My request is not for this account.

59. Please confirm you have provided a Cost-Benefit Analysis or other documentation that validates cost-effectiveness, which is defined by FEMA as having a Benefit-Cost Ratio (BCA) of 1.0 or greater. A non-FEMA BCA methodology may only be used if pre-approved by FEMA in writing. If this is the case, please ALSO provide proof of FEMA pre-approval. \*

*Mark only one oval.*

- Yes
- No
- My request is not for this account.

60. Is the entity that will benefit from the proposed activity covered by the current FEMA-approved multi-hazard mitigation plan in compliance with 44 CFR Part 201? If so, what is the Final FEMA Approval date? \*

---

61. Does the request include unallowable activities for PDM grants (e.g., dredging waterways; the purchase of emergency vehicles and equipment)? \*

*Mark only one oval.*

- Yes
- No
- My request is not for this account.

62. Describe how the proposed activity expands mitigation capacity rather than repair and maintenance of existing capacity.

---

---

---

---

---

63. How will the project provide long-term, permanent risk-reduction, as opposed to simply supporting short-term, temporary emergency protective measures? \*

---

---

---

---

---

64. How does the activity reduce the risk to individuals and property for future natural hazards, while reducing reliance on federal funding for future disasters? \*

---

---

---

---

---

65. Can the recipient describe how the activity supports the needs of people disproportionately at risk of harmful impacts of natural disasters? \*

---

---

---

66. Does your entity specifically encourage the adoption and enforcement of the latest disaster resistant building codes? \*

*Mark only one oval.*

Yes

No

67. If you answered "yes" to the above question, please confirm that you have emailed evidence supporting your statement, or please expand on your response, below. \*

---

---

---

68. Provide a clear and detailed description of the proposed mitigation activity. \*

---

---

---

---

---

69. How will the mitigation activity be implemented? \*

---

---

---

---

---

70. Who will manage and complete the mitigation activity? \*

---

71. What risks will remain from all hazards after project implementation (i.e., residual risk)? \*

---

---

---

---

---

72. How does the project take into account future conditions? \*

---

---

---

---

---

73. Has the project has been submitted to current or previous competitive BRIC funding cycles? \*

---

74. If the answer to the previous question is yes, what is the subgrant ID? \*

---

75. Have you or the community consulted with state/county/local emergency management officials or with FEMA about the proposed project? \*

---

76. If the answer to the previous question is yes, please provide name agency and contact information. \*

---

77. Is there a letter from the appropriate state officials confirming that should the project be approved the appropriate state agency is willing and able to serve as the recipient for the grant? Please email a copy of the letter to the relevant staffer with your submission. \*

### Emergency Operations Center Grant Program

Only projects that meet the requirements detailed in the most recent Notice of Funding Opportunity for the Emergency Operations Center Grant Program, including the cost-share requirement and environmental and historic preservation requirements, as applicable, will be considered for funding. For any projects designated for funding in the final fiscal year 2024 Homeland Security Appropriations Act, the respective state administrative agency (SAA) must submit an application to the Federal Emergency Management Agency, and that agency will serve as the administrative agent for the grant. Therefore, all project proposals must be accompanied by a letter of support from the appropriate SSA affirming that it believes the project is eligible.

78. Is the requesting jurisdiction a state, Indian tribal government, local government, or territory as defined by section 102 or 602 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122, 5195a)? \*

*Mark only one oval.*

- State, as defined under 42 U.S.C. 5122 or 5195a
- Indian Tribal Government, as defined under 42 U.S.C. 5122 or 5195a
- Local Government, as defined under 42 U.S.C. 5122 or 5195a
- Territory, as defined under 42 U.S.C. 5122 or 5195a
- My request is not for this account.
- Other: \_\_\_\_\_

79. Is the proposed project eligible under the most recent Notice of Funding Opportunity for the Emergency Operations Center Grant Program? \*

*Mark only one oval.*

- Yes
- No
- My request is not for this account.

80. Is your entity able to provide the required 25 percent non-federal cost share? \*

*Mark only one oval.*

- Yes
- No
- My request is not for this account.

81. If less than the requested amount were provided as the federal share, would additional state local, or other eligible funding sources be available to support the project? \*

---

82. Have you reviewed the funding restrictions and allowable costs section of the NOFO for EOC grants? \*

*Mark only one oval.*

- Yes
- No

83. Does the funding request include unallowable activities for EOC grants (e.g., personnel costs; replacement radios for police, fire, and other response personnel; generators for emergency shelters; any equipment that is portable and does not directly support the functional and operational capabilities of an EOC)? \*

*Mark only one oval.*

- Yes
- No

84. Is the proposed project related to a structure or facility that meets the definition of an EOC, to include supporting incident management (on-scene) operations across multiple functional disciplines and/or jurisdictions? \*

---

85. For EOC projects that involve construction or upgrading of multipurpose facilities, such as public safety facilities, police/fire stations, etc., EOC grants may only be used for those parts of the facility that are directly associated with the EOC. Does the requested federal funding amount reflect the proportionate facility construction cost, which is generally based on the square footage (floor space) of the EOC compared to the square footage of the entire facility? \*

---

86. Have you or the community consulted with state, county, or local emergency management officials, or with FEMA about the proposed project? \*

---

87. If the answer to the previous question is yes, please provide name agency and contact information \*

---

88. Is there a letter from the appropriate state officials confirming that should the project be approved the appropriate state agency is willing and able to serve as the recipient for the grant? Please email a copy of the letter to the relevant staffer with your submission. \*

---

#### Confirmation

89. Is any entity that would be receiving this grant in material non-compliance of a prior grant award made by a government agency? \*

*Mark only one oval.*

Yes

No

90. If you answered "yes" to the above question, please provide details. \*

---

---
